

Soft Touch Nasal Cannula

Improved Patient Experience & Comfort
Reduced Risk of Skin Breakdown & Associated Costs

flexicare
TOTAL QUALITY - TOTAL CARE

Soft Touch Nasal Cannula

Flexicare's **Soft Touch Nasal Cannula** tubing is flexible and gentle on the ears and face, minimising friction and pressure on delicate tissues. Improved comfort means better patient compliance with Oxygen Therapy.

Ears are the most common site for Medical Device Related Hospital Acquired Pressure Ulcers (MDR HAPU), with 35% of affected patients suffering tissue breakdown in this sensitive area¹. Any reduction in the incidence of pressure ulcers not only improves patient experience and outcome, but will avoid additional treatment costs.

Soft Touch tubing avoids the need for foam ear guards or cushions which can hold moisture and potentially become a reservoir for infection, and add uncomfortable bulk around the ears.

- Improved Patient Comfort and Experience
- Improved Patient Compliance
- Less Bulky than Ear Guards
- Less Risk of Skin Breakdown and Pressure Ulcers
- Avoids Additional Treatment Costs
- Full Range of Sizes and Options

Soft Tip Nasal Cannula

032-10-101	Adult Soft Tip Curved Nasal Cannula with Tubing	100
032-10-103	Paediatric Soft Tip Curved Nasal Cannula with Tubing	100
032-10-105	Neonatal Soft Tip Curved Nasal Cannula with Tubing	100
032-10-114	Adult High Demand Soft Tip Nasal Cannula with Tubing	100

Adult Nasal Cannula

032-10-022	Adult Nasal Cannula with 2.1m Tubing	100
032-10-022FC	Adult Flared Nasal Cannula with 2.1m Tubing	100

Dual Nasal Cannula - CO₂ monitoring with simultaneous O₂ delivery

MALE LUER	FEMALE LUER		
032-10-125	032-10-126	Adult Dual Nasal Cannula (2.1m) with Luer	25
032-10-125A	032-10-126A	Adult Dual Nasal Cannula (2.1m) with Luer and Filter	25
032-10-127	032-10-128	Adult Dual Nasal Cannula (3m) with Luer	25
032-10-127A	032-10-128A	Adult Dual Nasal Cannula (3m) with Luer and Filter	25
032-12-125	032-12-126	Paediatric Dual Nasal Cannula (2.1m) with Luer	25
032-12-125A	032-12-126A	Paediatric Dual Nasal Cannula (2.1m) with Luer and Filter	25
032-13-125	032-13-126	Neonatal Dual Nasal Cannula (2.1m) with Luer	25
